Our 50th Anniversary

The New Olson Rug

*The Result of Half a
Century of Progress*

WE enter our second half century of service with the greatest rug values we have ever been able to offer in all our 50 years—the *new* OLSON RUGS. These luxurious, two-sided rugs, made from your old or out-of-date rugs, carpets and clothing, will give you *twice* the wear at *half* the price of store rugs. For half a century this business has been conducted with old fashioned honesty and under the golden rule of “Deal as you would be dealt by.” That is why over a million have ordered their rugs from us on faith in the name Olson Rug Company. Our greatest asset is the confidence and good-will of our customers. Only a business that is built on the right principles, that offers the utmost value for the money, can weather the storms of 50 years and become a national institution such as the Olson Rug Company. And we pledge that these sound policies, upon which this immense business has been built, will be faithfully continued.

Endorsed by America's Leading Decorator, Dorothy Ethel Walsh

THE ideal rooms shown in this book represent the most progressive ideas in color harmony, wall treatment, draping of doors and windows, furnishings and arrangement. Each room has been selected by decorating experts not only for its appealing beauty, but because it is comfortable, homelike, **practical**.

This book has the official indorsement of such an outstanding national authority on home decoration as Dorothy Ethel Walsh, formerly director of the “Interior Decoration Department of the Chicago Academy of Fine Arts.”

You will know that you are making a wise choice in ordering an OLSON RUG in the fashionable one or two-tone effects.

Miss Walsh's articles in leading magazines are known everywhere and her wise words of advice on beautifying the home are read by millions each day in New York, Chicago and other Metropolitan newspapers all over the United States. And now her immense audience has been extended to include radio owners. Her message is regularly broadcasted to a nationwide audience.

The New Styles of Decorating Demand One or Two-Tone Rugs

THE new Olson Rug is playing an important part in the home-beautiful movement that is sweeping the country. Never before have women been so interested in beautifying their homes. Science has shown how *success in home making* depends on a comfortable, harmonious, happy home atmosphere.

A feeling of "*happiness*" can become a habit. Habits formed by children become life influences. How necessary it is that parents make the home environment of such a character as to develop habits that are *desirable*.

It seems surprising that only a few years ago we failed to realize what everybody knows today:—that rooms that are too ornate, that have too many different patterns and colorings in rugs, walls, drapes, and furniture, irritate the nerves unconsciously. On the other hand the correct use of *color* and *design* in our home surroundings produces all sorts of good effects upon us. Backgrounds of *Blue* quiet the nerves and lend an atmosphere of restfulness and dignity—*Moss Green* results in increased vitality and happiness (what ideal colors for living room, library, in fact every room)—soft shades like *Taupe*, *Tete-de-Negre*, *Mole*, *Mahogany*, and *Brown* create an atmosphere of harmony and refinement.

Olson Rugs Add Such Charm

The wonderful manner in which one or two-tone rugs fit in with your furnishings, and the sense of refined comfort they give, produce a most appealing atmosphere. They fit just as harmoniously in rooms with figured hangings and wall papers as they do in rooms with panelled, plain tinted, or tapestry covered walls.

One and two-tone rugs are here to stay. Their use is scientifically correct and surpassingly beautiful. That is why leading decorators recommend them. They are now used in practically all the fine homes in New York, Chicago, and other large cities.

The new Olson Rug is the greatest rug value ever offered in all our 50 years of rug manufacturing. By our \$1,000,000 Patented

Process we guarantee to reclaim, card, comb, bleach, spin, and dye the material in your old or out-of-date rugs, carpets, and clothing into the finest kind of rug yarn and then *weave* this yarn into new Olson Rugs that will delight you beyond words—fashionable one or two-tone rugs with the same smooth, velvety surface you find in the high grade Wilton and Chenille rugs.

Twice the Wear—One-Half the Price

Every Olson Rug is woven *seamless* and *REVERSIBLE* with the same deep, luxurious nap on both sides to give twice the wear. There is a rich beauty to the close, high pile that places Olson Rugs among the finest of floor coverings.

Knowing that American mothers and housewives are eager to do what is correct, we have secured the services of the finest decorators in this country to select the colors and patterns for the rugs shown in this book. Dorothy Ethel Walsh, has given her unqualified approval to the result. This means that *every rug* in this catalogue may be depended upon to yield a cheerful, harmonious home atmosphere, artistically correct.

Millions Saved for Olson Customers

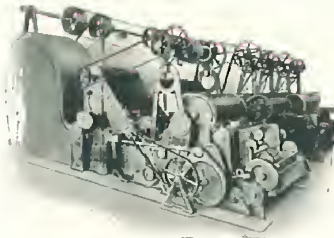

In rug stores it is possible to secure the fashionable one or two-tone rugs only in the expensive grades. Now, due to the Patented \$1,000,000 Olson Process, we have brought these beautiful, harmonious one and two-tone rugs within reach of all pocket books. No longer is it necessary to try to make the figured rugs harmonize with your other furnishings.

It is so simple to select just the right rug from this book. No need to change your wall paper, curtains, drapes, or upholstering in order to make them harmonize with your rugs, as so often is necessary when buying a fancy patterned store rug.

Have no hesitation in expressing your own preference in furnishing your home, just as you do in selecting your clothes. Your own good taste will tell you what is best.

How Your Old Materials Are Made Into New Rugs

By the Patented
\$1,000,000 Olson Process

Olson Preparing Machines

The rugs we will weave for you by our Patented Process of reclaiming, carding, spinning and dyeing the materials in your old carpets, rugs and old clothing will be just as fine as the high-grade Wilton and Chenille rugs, famous for their beauty and durability. The same expert methods and care used in weaving these beautiful rugs are followed in weaving OLSON RUGS. Material reclaimed by the Olson Patented Process defies detection.

THE intensely interesting story of how your old material is transformed within one week into beautiful new, rich-toned OLSON RUGS is a lesson in efficiency and practical economy. Aided by the most improved machinery, perfected and patented by the Olson Rug Company, our expert workmen are able to reclaim the material, in your old carpets, rugs and old clothing and bleach, DYE and WEAVE it into new OLSON RUGS so superior to rugs made by any other concern from old material, that there is no comparison.

Like Wiltons and Chenilles

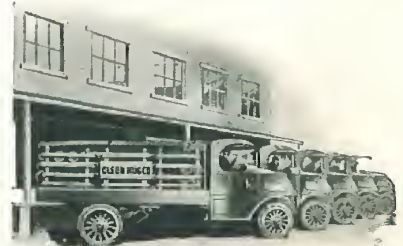

In fact, the only rugs that can compare with OLSON RUGS are the high-grade Wiltons and Chenilles, made from new material—and they cost twice as much.

So that we can get your material the same day it arrives in

Chicago, we maintain a fleet of auto trucks which call at every freight depot in Chicago twice a day. The moment your carpets, rugs and old clothing arrive at our factory, they are weighed, and a card is attached giving full directions for filling your order, and carrying out your instructions.

Not a moment is lost. Your old material starts at once on its one-week journey, which will turn it into beautiful one- or two-toned floor coverings that will give a lifetime of usefulness.

Your old material goes immediately from the scales into a large net

Prepared Wool Material

bag, which is placed in an Olson scouring machine. A special scouring liquid is mechanically forced through all parts of your carpets, rugs and old clothing, thoroughly disinfecting and washing them. This liquid removes all ink, grease and other stains.

Cleaning and Bleaching

Your old carpets, rugs and clothing now go to specially constructed bleachers where the old colors are carefully and skillfully bleached out leaving your material like new.

Your material is then run through an immense automatic OLSON wringer and hung up in the drying-room. After thirty minutes' time it is thoroughly dry and immaculately clean, bright, soft and fresh.

Your old carpets, rugs and old clothing are hurried to the preparing machines. We are the only concern in the rug business which operates such great labor saving devices. These machines are of our invention and fully protected by patents. Each one alone cost us \$5,500.00 to install.

Reclaiming the Wool

Here your material is cut and frayed. In a day one machine prepares 7,000 pounds of material for the picking and carding machines, where the material is carded and combed into long, soft, fluffy strands, the equal in every respect of new wool.

Spinning

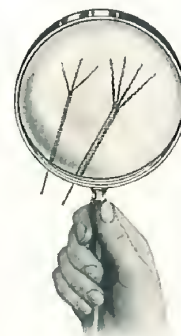

Upon our immense spinning machines, 125 feet long and of

the latest type, your reclaimed wool is tightly spun into the finest kind of rug yarn. The remarkable strength and extreme tightness of the yarn are largely responsible for the long life of service one gets from Olson Rugs.

Dyeing Your Material

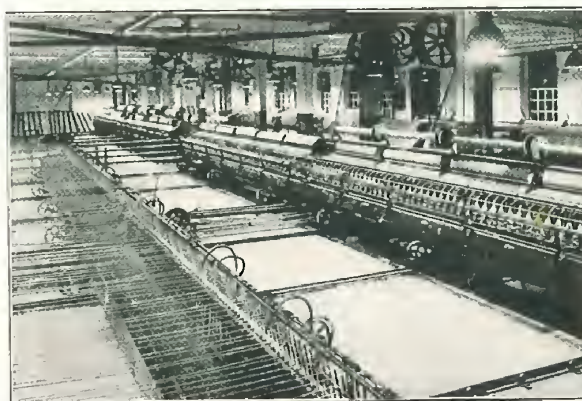

A force of expert chemists dye your yarn the exact shade required for your new rugs. Great care is taken to see that every particle of the yarn is penetrated by the dye.

The method used in the dyeing process causes the yarn to remain pliable and soft, adding longer life to your rugs. Under heavy pressure of steam the yarn is dried and the dyes made absolutely fast. Your material, now in the form of fine rug yarn, is wound into cops and sent to the large and most improved Olson power looms.

This illustration shows the 4-ply warp (four strands) we use. Compare it with the 3-ply warp used in weaving most one-sided store rugs.

Olson Spinning Machines

Warp

"The strongest chain is no stronger than its weakest link," and a rug is no stronger than the warp on which it is woven. The warp that holds the rug together is in all respects the life of the rug. For 50 years the Olson Rug Company has used the best quality, long staple hard spun **four-ply** warp.

That is one reason why Olson Rugs wear for a lifetime.

Weaving

In the expert weaving of the New OLSON RUGS lies another

secret of their remarkable durability and beauty. Realizing that every rug we send out must be a recommendation for the Olson Rug Company, our skilled weavers, many of whom have been with us for more than 35 years, weave the yarn in your rug in such a way as to bring out all the rich lustre. The power looms "weave" the yarn into the rug with great force which gives the body its remarkable strength.

Deep, Firm Nap

The nap of the rug (or the surface you walk on) is deep and firm. This velvet-like surface does not mat down after being worn, but like the fine Wiltons is always "straight up." An OLSON RUG lies flat and is easy to keep clean with a vacuum cleaner, carpet sweeper or a broom.

Firmly Bound—Expertly Trimmed

Every OLSON RUG is firmly bound and expertly trimmed by the most improved machinery. The surface is sheared to

A small section of Weaving Room showing Olson Power Looms

perfect evenness. A staff of experienced inspectors thoroughly examine your rug to see that it is correct in every detail before it is shipped to you.

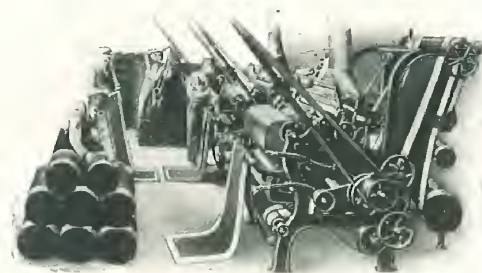

All of the rugs shown in this catalogue were made either from old carpets and old rugs alone, or old carpets, rugs and old clothing combined.

Reclaimed Material Cannot Be Detected

After we have reclaimed your old material, even an expert cannot tell the difference between the reclaimed wool and new wool

material in an expensive store rug.

It has taken us half a century of careful work and a fortune in money to make the new OLSON RUG the splendid floor covering that it is today. All the basic patents and processes, worth over a million dollars, by which the new OLSON RUGS are woven, are owned by the Olson Rug Company. You get the full benefit of the great money saving made possible by the Olson Process. Here is your opportunity to save half the money you had planned to spend for your rugs.

THIS attractive two-tone brown rug is a great favorite for the living-room, dining-room, hall, and bedroom. In fact, it is equally suited for every room in the home. from **TODAY'S HOUSEWIFE**

Home Magazines

from
The MODERN PRISCILLA
A Leading Publication

From the U. S. Trade Reports

HAVING lately received many requests from interested persons regarding the best makes of rugs from old carpets, we have been investigating the subject thoroughly, and as a result are now prepared to recommend and unqualifiedly endorse the rugs manufactured by the OLSON RUG CO., of Chicago, as being by far the best on the market.

"The rugs manufactured by this establishment not only equal those offered by any other manufacturer, but in points of workmanship and finish cannot be surpassed, and no house in the country is more fully equipped to meet modern demands in this line. They are firm believers in quality, and zealously guard the

quality of their products at all times by using only the best materials and employing experienced workmen.

"The most phenomenal success with which their rugs have been introduced into new fields, and the constantly increasing demands from old customers, suggest that building trade upon quality has proved a great success.

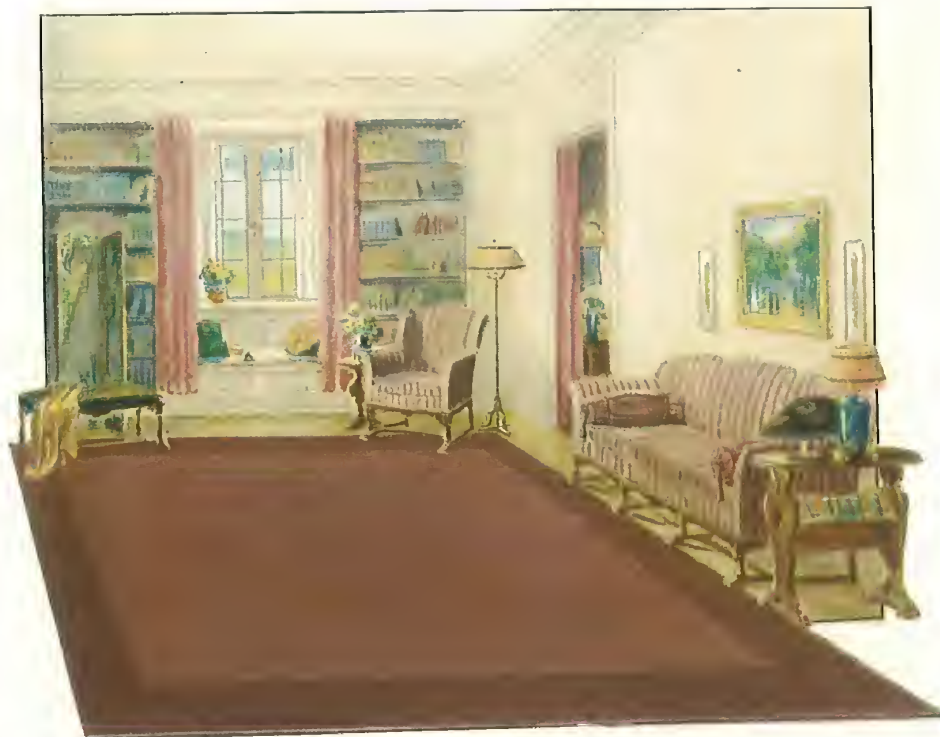

"From our observations locally, also referring the matter to our representatives in all the principal cities, we feel justified in extending our editorial commendation to the OLSON RUG CO., of Chicago."

You Can Order this up-to-date Brown and Moss Rug regardless of the colors in your old material. This Pattern is Proper for your Parlor, Living Room, Dining Room, Stairs, Halls or Bedrooms.

PICTURE this beautiful rug in your own home. Consider how much charm and individuality you can add to any room by choosing this attractive combination of colors. THE adaptability of OLSON RUGS to halls and stairs is well illustrated by this attractive interior. The color scheme suggested above is only one of many that will give the desirable warmth and welcome to the hall as a meeting and greeting place of your guests.

Though we show rich one-tone Moss rugs above, you can easily imagine in their place, Brown, Taupe, Mahogany, Mole, Blue, Tete-de-Negre, or Mulberry rugs, with or without borders.

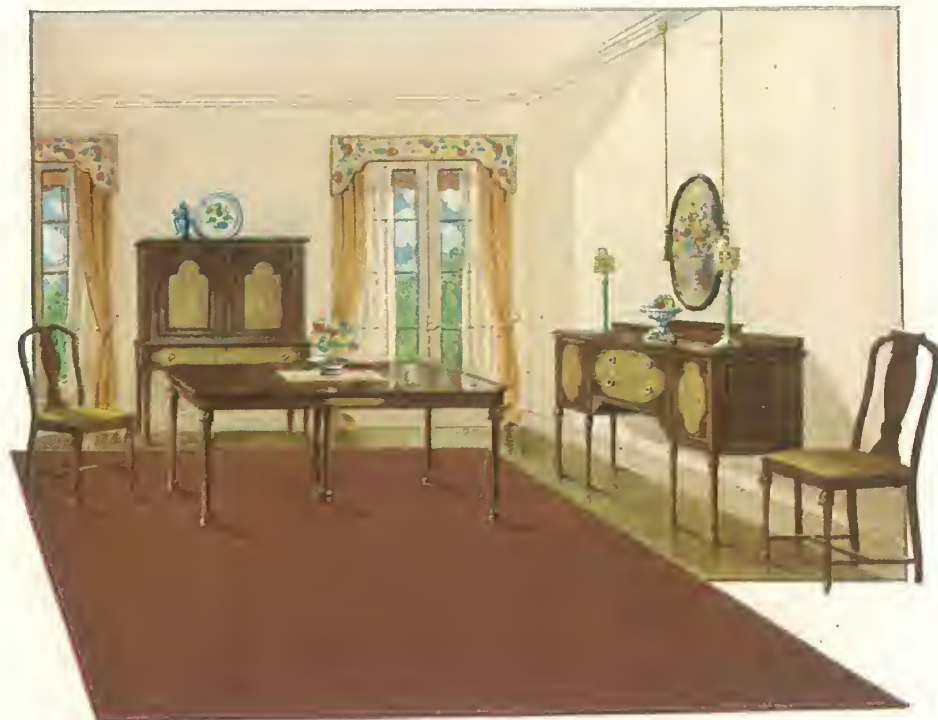

Runners with borders give a very pleasing effect, and their use is highly endorsed by leading decorators.

Because of their remarkable wearing qualities, OLSON RUGS are ideally suited for halls and stairs. All OLSON RUGS are woven seamless and reversible with the same deep, luxurious nap on both sides to give twice the wear. They look like, feel like, and wear like, the high-grade Wilton and Chenille rugs, famous for their beauty and durability. Read our binding guarantee on the back.

What Our Customers Say

OVER 1,000,000 customers all over the United States are convinced that the OLSON RUG is the greatest rug value in this country today. Surely rugs that have won the praise of so many

others deserve your consideration. Unsolicited testimonials in never-ceasing flow have been our best advertisements for half a century. We have received over 100,000 unsolicited letters like the following:

Committee Is Pleased

"The rugs are beautiful. The ladies are certainly well pleased with them. As soon as I can get enough old rugs and material gathered together I will send it to you to have more rugs made. The committee want to thank you for doing such grand work."

Braddock, Pa.

Mrs. H. P. Stewart

Worth Twice the Price

"We are delighted with our rugs. I cannot understand how such lovely rugs can be made from those old rugs and carpets. Some of my friends are not going to wait for a catalog, but have borrowed mine. One of these being Mr. J. O. Johnson, a merchant, who says he cannot get anything nearly as good wholesale at twice the price."

Molloy, Minn.

Mrs. Myrtle Akin

A Beautiful Rug

"I wish to say that we are more than pleased with our OLSON RUG which you made for us last summer. It is very beautiful and much admired by everyone."

Wapello, Iowa

A. W. Hinderman,
County Engineer

Pride in Economy

"My OLSON RUGS are really beautiful and I want to thank you for making it possible for me to have them. They are much more handsome than I ever dreamed rugs could be that are made from old carpets. I am particularly pleased with the colors and I love to brag that they were made from useless old carpets, rugs and old clothing which I should otherwise have had to burn."

Cooperstown, New York Constance C. Cooke

Just as Represented

"I am delighted with my rugs. They are just as represented in your catalogue. Several of my neighbors have been in to see them and all are enthusiastic in their praise and none more so than those who tried to discourage me about sending the old carpet to be made up."

Mrs. G. H. Parham, Necedah, Wis.

Hotels, Clubs and Churches

THOUSANDS of OLSON RUGS are now in use in the finest hotels, select clubs, private offices, churches, Y. M. C. A.'s, and public build-

ings throughout the country. Under the most severe conditions of wear possible for a floor covering they give daily proof of their excellence.

Furnishes Entire Home

"I am more than pleased with the rugs you manufacture from old, worn-out rugs and clothing and cannot recommend them too highly to anyone desiring high quality

products. As a proper floor covering for polished hardwood floors they are equal to the best

Oriental and far surpass, in my estimation, all types of new rugs. I expect to have the balance of my floors covered with your RUGS."

Dallas City, Ill.

A. H. Black

From Florida's Show Place

"Beg to advise that the Olson Rug Company of Chicago, Ill., has done considerable work for us in remaking and overhauling our rugs. The work done by them has been most satisfactory in every way, and we have no hesitation in recommending them."

Pensacola, Fla.

San Carlos Hotel Co.

Tribute from Y. M. C. A.

"We have been using the rugs which you made for us last year in our dormitory rooms and they have not only stood the rather heavy wear, but have held up splendidly, and retain their good appearance. We are very well pleased with them."

Marion, Ind.

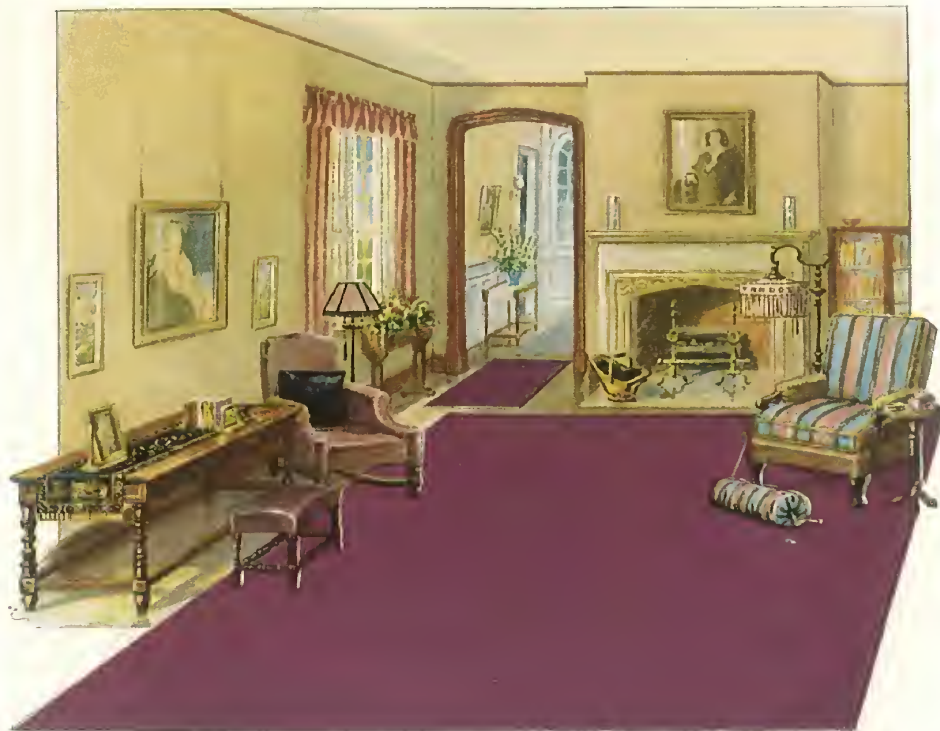

Y. M. C. A.

Beautiful and Well Made

"We have been using for a number of years the Rugs you have made for us. They are very pretty and well made, and have given satisfactory service. We hope to send you another order before long."

You Can Order this up-to-date Mulberry Rug regardless of the colors in your old material.
This Pattern is Proper for your Parlor, Living Room, Dining Room, Stairs, Halls or Bedrooms.

THE OLSON Patented Process makes it possible for you to get this magnificent Mulberry Rug woven from your old carpets, rugs and old clothing regardless of how worn or threadbare they may be or what color. A one-toned Mulberry rug will impart a feeling of quiet luxury and refinement to any room.

We believe that we have accomplished much in being able to offer you an OLSON RUG in this exquisite Mulberry shade. As you know, this regal color is found in so many of the finest rugs.

An OLSON Mulberry rug is recommended for any room in the home. Like the high grade Wilton rugs the nap is deep and luxurious and has that soft, resilient feel under foot. Woven the same on both sides. Like all OLSON RUGS this pattern is woven seamless and reversible to give double wear.

Send in all kinds of old rugs, carpets and clothing—see page 34. To help you out in case you lack enough old material, we will furnish new wool stock at 20c a pound (what it costs us).

Send In All Kinds of Old Rugs *and* Carpets

BY the PATENTED OLSON PROCESS we are able to RECLAIM the material in all kinds of old carpets and rugs, no matter how badly worn, and then BLEACH, SPIN, DYE and WEAVE this material into brand new OLSON RUGS that are just as fine as store rugs of new wool. You can select ANY COLOR or PATTERN shown in this catalogue, regardless of the color of your old material. Send in all kinds of old carpets and rugs, including any of the following:

Wool Ingrain	Fluff Rugs	Axminster	Smyrna
Cotton Ingrain	Velvet	Wilton	Velvety
Brussels	Moquette	Tapestry	Chenille

We can weave beautiful new OLSON RUGS from a *combination* of all kinds of old carpets or rugs, or we can weave OLSON RUGS entirely of any one kind alone.

Don't bother to clean or prepare your old material in any way. Send it just as it is. We thoroughly scour, clean and disinfect and bleach all material.

Your old material, when reclaimed by the Olson Patented Process, cannot be distinguished from brand new wool.

About Old Clothing *and* Other Materials

If you lack the necessary number of pounds of old carpets or rugs to complete the new rug you want, you can add some old clothing and other cloth materials (either wool or cotton, or both, see list below). But not more than ONE-THIRD of the material you send us can be old clothing.

WOOL. We are able to reclaim the fibres in old wool clothing and other wool materials so that they can be worked in satisfactorily with the reclaimed wool from your old carpets and rugs. There is nothing unusual about this. Practically all the good grade clothing worn today contains some wool that has been reclaimed by the large clothing mills from used clothing. Send any of the following:

Sweaters, skirts, dresses, pants, coats, underwear, blankets, shawls, shirts, chenille and tapestry curtains, (not overcoats).

COTTON AND LINEN. We are able to reclaim the fibres of any cotton or linen you may send us so that they can be worked in satisfactorily with the new warp material that we use to make our strong four-ply warp. Send any of the following:

Curtains, sheets, table covers, skirts, waists, underwear, sweaters, suits, wool fibre rugs, white and colored goods (not narrow strips). We cannot use silks, or stockings.

IF YOU LACK MATERIAL—You can probably secure the extra number of pounds that you need from your friends and neighbors for the asking.

To help you out in case you still lack enough old material we will furnish new wool stock at 20c a pound (what it costs us).

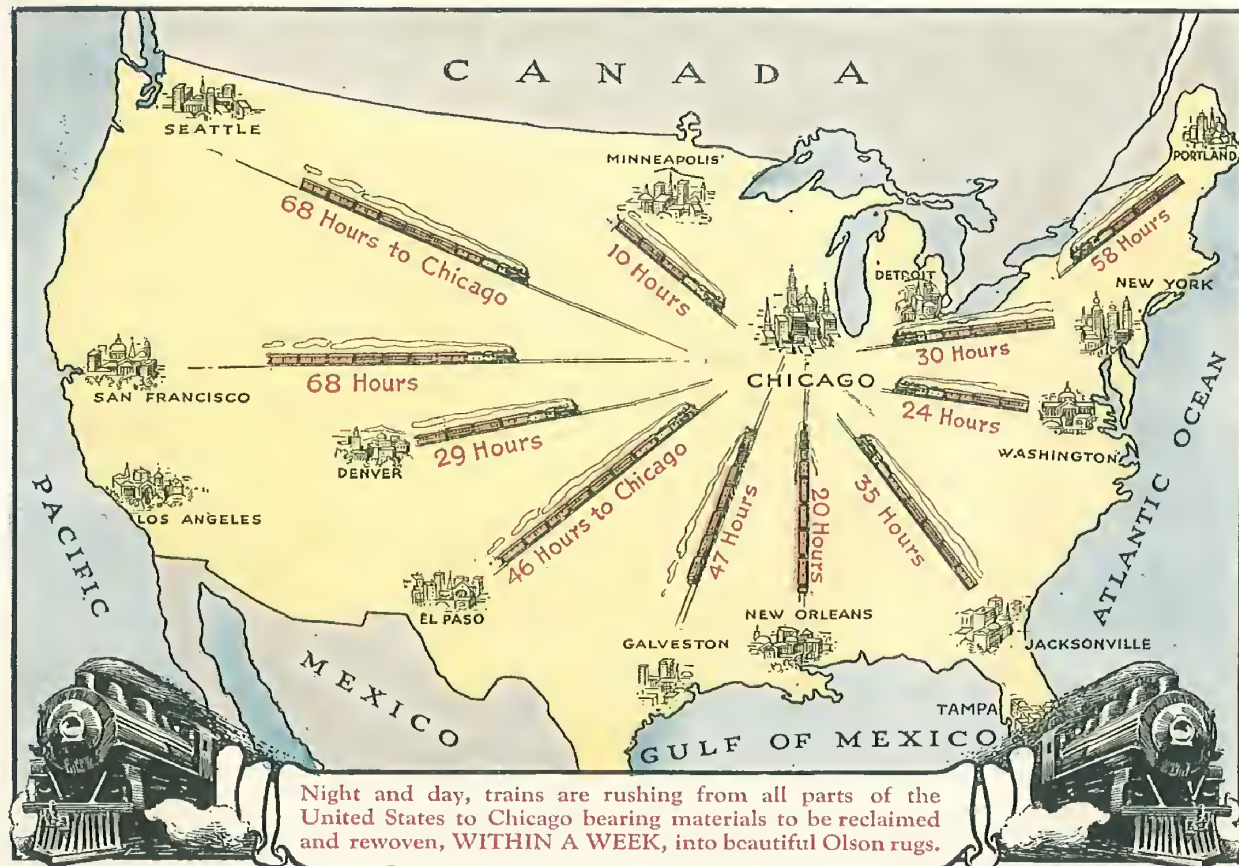

Hall and Stair Runners and Odd Size Rugs

Below each rug shown in this book you will find the price per square foot for weaving RUNNERS and other SPECIAL SIZE RUGS. It is a simple matter, therefore, to figure the price of these special sizes. If you wish an irregular shaped rug, send us a diagram or sketch of your room, showing the exact measurements of the rug you want and we will quote you our price for weaving. We cannot weave a rug narrower than 27 inches or shorter than 36 inches.

The OLSON RUG weighs about the same as the finest grade Wilton Rug.
